

Maine aapke link (Design Ethical Portfolio) ko achhe se analyze kiya hai. Us layout mein **slider**, **side information**, aur **niche detail images** ka ek specific pattern hai.

Aapke Figma design (Online Groceries App) ko us layout mein fit karne ke liye, yaha har ek image aur text ka detail hai:

1. Main Portfolio Slider (Top Section)

Link mein top par ek bada image slider hai. Aapko apne app ki 3 main screens ke liye ye prompts use karne chahiye:

- **Slide 1 (Welcome Screen):**
 - **Prompt:** "A premium 3D mobile mockup of a Grocery App splash screen. A clean white background with a large basket of ultra-realistic fresh vegetables, a friendly 'Get Started' button in vibrant green. 8k resolution, studio lighting."
 - **Slide 2 (Home Category):**
 - **Prompt:** "Mobile UI mockup showing a grocery home screen with categories like 'Organic Fruits' and 'Fresh Vegetables'. High-quality grid layout, minimalist search bar at the top, soft shadows, professional UI/UX presentation."
 - **Slide 3 (Product Detail):**
 - **Prompt:** "A mobile screen showing a detailed view of 'Fresh Red Strawberries' with weight options, price, and nutritional info. Vibrant red and green colors, clean typography, blurred grocery background."
-

2. Project Information (Right Side Bar)

Link ke hisab se side bar mein ye data aayega:

- **Category:** Mobile UI/UX Design
 - **Client:** Grocery Store Project
 - **Project Date:** May 2024
 - **Project URL:** [Aapka Link]
-

3. Project Description (Left Side Content)

Link mein image ke niche bada text area hai:

- **Title:** Digitalizing the Grocery Experience
- **Content:** "Maine is project mein ek aisi grocery app banayi hai jo user ki daily needs ko dhyan mein rakhti hai. Figma design mein har element ko 'accessibility' aur 'visual

hierarchy' ke hisab se rakha gaya hai. Iska design user ko bina kisi confusion ke seedha checkout tak le jata hai."

4. Detail Images (Niche ke Sections)

Link mein description ke baad aur bhi images hain. Unke liye ye prompts use karein:

- **Image 4 (The Problem/Solution View):**
 - **Prompt:** "A professional layout showing two smartphones side-by-side. Left phone shows a messy grocery list on paper, right phone shows the organized 'Online Groceries App' cart. Clean, modern, and conceptual."
- **Image 5 (Design System/Colors):**
 - **Prompt:** "A design system showcase image. Circles showing shades of Leaf Green, White, and Dark Grey. Beside it, clean sans-serif typography examples used in a grocery app. Minimalist and professional."
- **Image 6 (Final Result/Success):**
 - **Prompt:** "An isometric view of multiple iPhone screens floating in the air, showing different pages of the grocery app: Login, Home, Cart, and Order Success. Soft green background, elegant 3D render."

+=====

Section Content

- **Sub-heading (Top Small Text):** MOBILE APPLICATION DESIGN
 - **Main Heading:** The Challenge
 - **Description:** "Aaj ke fast-paced world mein, users ko ek aise platform ki zaroorat thi jo na sirf taaza groceries deliver kare, balki unka shopping experience bhi fast aur hassle-free banaye. Main challenge tha ek aisa interface design karna jo cluttered na ho aur har age group ke users (khaskar elderly log) bina kisi confusion ke apna order place kar sakein."
-

Image Prompt (588x660 Size ke liye)

Kyuki ye section "The Challenge" ke baare mein hai, yaha aapko ek aisi image chahiye jo "Problem" ya "User Need" ko showcase kare.

- **Prompt:** > "A high-quality 3D digital illustration of a busy person looking at their empty refrigerator with a confused expression, next to a floating smartphone displaying a clean and green grocery app interface. Soft studio lighting, minimalist background, vibrant

green and white color palette to match the app theme, 8k resolution, professional UI/UX presentation style."

=====

Section Content

- **Sub-heading (Top Small Text):** DESIGN SYSTEM & UX
- **Main Heading:** The Solution
- **Description:** "Hamara solution ek clean, intuitive mobile app layout banana tha jo freshness aur accessibility ko prioritize karta hai. Humne ek smart navigation structure design kiya taki users bina kisi struggle ke categories browse kar sakein. One-click checkouts aur dynamic product filtering jaise key features ne pure shopping process ko streamline kar diya."

Image Prompt (593x660 Size ke liye)

Kyuki ye "The Solution" ke baare mein hai, yaha hum ek successful checkout ya product selection ka professional visualization dikhayenge.

- **Prompt:**
"A professional 3D isometric render of a simplified shopping cart overflowing with colorful, ultra-fresh organic vegetables like bell peppers, tomatoes, and broccoli. Beside it, a stylized floating smartphone displays a green 'Add to Cart' button with a small notification badge. A warm, clean background. The color palette is fresh leaf green, crisp white, and bright vegetable colors. Soft, elegant studio lighting, detailed and high-resolution, suitable for a design portfolio showcase."
